LIVINGSTON WITH THE AIR FIGHTERS

Moline Boy Writes Interestingly of Experience in War Zone in France, Where He Is Located.

In telling of some of his experiences in France, where he is a member of the United States aero squad, John W. Livingston, former Moline boy, writes: "We were so far to the rear that not even the roar of the largest guns could be heard. It certainly was pleasant to be able to go to bed knowing that you would not be wakened to answer a hurry-up call.

"However, this did not last long, for within eight days our section was called on to help another section, which was having more work than it could handle. Instead of the usual front line work, we were evacuating from the temporary hospitals to the base hospitals. This sort of work is really harder than the front line work, although not so dangerous. You are on the more crowded roads continually with your car full of the wounded. "Quar as it may seem, the wounded are much more sensitive on this trip than are those on the first drive from the trenches. This may be because of the fact that on the first trip the wounded are in a semi-conscious state and they feel so badly that death or pain doesn't matter. But by the time they are being carried to a base hospital they have reason enough to know and have had time to think. Then any little jar or bump brings forth a painful groan, and the wounded man says, 'Doucement, monsieur, will vous plait,' which means, 'Slowly, if you please.'

During this last attack we were working on the most famous battlefield of France. The vast preparation had given us a hint in advance that a big drive was coming. It proved to be the most successful attack made by the French during the summer in that particular region. They captured an objective which had changed hands seven times during the last two and one-half years, or since the famous German retreat from the Marne. This turned out to be our last work, for immediately after the excitement our entire section and division went back 'en repos,' to a small village near Epervier. I can mention the name of this city because it is not in the war zone."

MINERS CARRY GOLD.

August DeVos and Eloris Weyn arrived in East Moline yesterday, just back from the Klondike regions, where they have been the last nine years, working as miners. They had pockets full of gold, and proceeded to become gloriously intoxicated in celebration of their return. They fell into the arms of police officers. Upon being searched it was found the two had \$250, mostly in gold pieces. They were relieved of \$3.50 each in police court this morning.

ARMY ASSOCIATION COULD HAVE SAVED 100,000 SOLDIERS

John Holt, 1614 Fifth avenue, Moline, a veteran of the Civil war, is of the opinion that the lives of at least 100,000 men could have been saved if the Y. M. C. A. had been in operation during the days of '61 as it is today at the various cantonments and in Europe.

The statement was made at the special patriotic services which were held at the First Swedish Lutheran church night before last. Other brief talks were made by R. B. Lourie, Paul Andreen and F. R. Todd. A canvass for funds for the army Y. M. C. A. work was begun and the sum of \$245 was contributed.

Obituary

Mrs. John L. Simmon.

Mrs. Emma L. Simmon, 517 Twenty-sixth street, Moline, wife of John L. Simmon, secretary and manager of East Moline Union Malfeasance club, died at East Moline at 8:45 last night. Although she had not been compelled to cease activities until last week, Mrs. Simmon had suffered long, and sought relief through an operation, from which she failed to recover.

Funeral services will be held in the residence at 10 o'clock Sunday morning. Interment will be in the mausoleum in Riverside cemetery.

Although she was a member of one of those pioneer families of Rock Island county that has long had a prominent place in the community, her disposition was toward retirement and the love of her home rather than toward taking a forward part herself.

Mrs. Simmon was a daughter of Mr. and Mrs. Robert E. Lee, 127 Twentieth street, Rock Island, and was born in Coal Valley. She leaves her husband and son, Allen Simmon, a student in the University of Illinois. Sisters and brothers are Mrs. Jennie L. Martin and Mrs. Elmore H. Stanford, both of Rock Island; William J. Lee of East Moline; Robert Lee, Jr., of Chicago, and George Lee of Sherrard. A sister, Mrs. Mary L. Simpson, died a year ago.

Charles A. Kelsey.

Charles A. Kelsey, 24 years old, 1505 Fourth street, Moline, died at a Moline City hospital this morning. He had been ill for several months and underwent an operation four weeks ago. Mr. Kelsey was born in New York City May 8, 1893. He had been a resident of Illinois for eight years.

Mr. Kelsey was married five years ago. He was employed in the assembling department of the Marcellus works. Surviving him are the widow, three children, Lawrence, Donald and Mary; three sisters, Mary, Margaret and Lisa McDevitt, and two brothers, John and William McDevitt, all living in Iowa.

Funeral of Mrs. Jennie Stoehr.

Funeral services for Mrs. Jennie Stoehr, 1515 Sixteenth avenue, Moline, were held in the home yesterday afternoon. Rev. E. W. Morton officiated. Mrs. Hattie Thompson, C. S. Trevor and Mrs. Sadie Miller sang. There were many floral offerings. The pallbearers were Peter Parr, Ed Parr, John Parr, Tom Parr, Oliver Stoehr and Edward Stoehr, brothers and brothers-in-law, respectively, of Mrs. Stoehr. The burial was in Bowlesburg cemetery.

Mrs. J. C. Bailey.

Mrs. J. C. Bailey, 78 years old, passed at her home, two miles southwest of Coal Valley, at an early hour this morning. She had been in failing health for two years and several weeks ago suffered a fall which resulted in a broken hip.

Mrs. Bailey was born in Belmont county, Ohio, April 5, 1839. She had been a resident of Rural township for 44 years. She was a faithful member of the Homestead United Presbyterian church. The funeral will be held from the home at 2 o'clock Monday afternoon.

Harold K. Morris.

Harold K. Morris, infant son of Mr. and Mrs. Paul Morris, died early last evening at Moline city hospital. The baby was one day old. The funeral will be held tomorrow, Rev. J. V. Kennedy officiating. Burial will be at Hampton.

SCHRAM DENIES THAT HE IS WAR SLACKER

R. A. Schram, formerly of Silvis, came all the way from Milwaukee to tell John B. Coburn, clerk of the Moline exemption board, that he is a true American, that he is ready to serve his country in the trenches, and that he had never entertained any thought of trying to evade the draft.

Schram was picked up in Milwaukee several weeks ago, on instructions from the local board, after Mr. Coburn had been informed by the clerk of the Milwaukee board that he had no record of Schram. As a matter of fact Schram after asking permission of the Moline board to be transferred to Milwaukee for examination, had gone to the board in his home town to see if a permit for his transfer had been granted. He was told that the Moline board had not written. In that he was misinformed, as was the local board in being told that there was no record of Schram on file at the Milwaukee board headquarters.

Five names were added to the

slacker list this morning. They are Ralph P. Lee, Fred Leonard Berg, Crist Gregoria, George K. Tiepalraes and George Kaenogrus.

RETURNS STOLEN GOODS.

Irvin Madison, colored, was arrested in East Moline yesterday on a charge of stealing a revolver and a dime bank containing \$8.50, property of Mrs. Ella McDonald, colored. He admitted the theft, and the revolver and stolen cash were returned to the owner. Madison was fined \$25 and costs on a charge of disorderly conduct. Leniency being shown at the suggestion of the victim of the theft.

CHICAGO RATE IS SOUGHT FOR COAL

At Conference of County Committee and Dealers \$2.20 Gross Profit a Ton Is Favored.

Coal in Rock Island county is to sell temporarily at \$2.20 gross profit or 25 cents a ton net profit, pending a thorough investigation into the whole subject, if action taken at the initial conference of the county fuel committee and the dealers, held yesterday afternoon at the Moline city hall is affirmed by John E. Williams, state fuel administrator.

As a result of the meeting it was decided as the first move to telephone to Mr. Williams for permission to put into effect tentatively the "Chicago rate," which allows dealers \$2.20 gross profit. Out of this flat rate must come overhead expense, outside of the original cost of the coal, freight charges and war tax, namely cartage, employees' wages, depreciation of wagons, horses and equipment, feeding of horses, insurance and items of like nature, so that it is figured that the net and clear profit above all expense would be 25 cents a ton. What effect this new schedule will have remains to be seen. However, it is known that one Moline dealer recently quit the sale of Springfield coal entirely, claiming that it would mean a loss to him to sell at the 1915 figure, as the government requires, plus 30 percent. A coal war in Moline in 1915 forced the quotations down to an abnormally low figure.

Moline dealers submitted figures to show their overhead expense is from \$1.95 to \$2 a ton, while two Rock Island merchants claimed it was \$2.02 for them, due to longer hauls, poor condition of pavement and lack of payment.

Here are the figures which a Moline city dealer offered to show what it cost him to deliver a ton of coal to a consumer:

Cost of Springfield coal a ton at the mine mouth.....\$2.80
Cost of freight.....1.20
War tax.....0.036
Overhead, including cartage, etc. 2.00

Total.....\$6.036

The prevailing price of Springfield coal in Moline is from \$6 to \$8.25, dealers claiming that it costs approximately \$6 a ton to deliver it at the consumer's home. If the Chicago rate is put into effect the maximum price for Springfield would be \$6.25.

There is one Moline city dealer who is selling Springfield at \$5.75 because he is able to buy direct from the mines instead of from jobbers, who make an average of 15 cents a ton, and also because he handles other commodities which have a market the year around.

One way to reduce the cost of coal delivery, as suggested by a Moline dealer, is to "haul your own." That is, to have the dealer make a side-walk delivery, depositing fuel at the curb, leaving the consumer to wheel the coal into the basement himself or hire it done. In Moline the charge for carrying coal in baskets is 30 cents a ton and in Rock Island it is 50 cents. This method of economy of course does not apply to those whose coal bins can be filled from a chute.

There were 40 dealers at the conference, coming from Moline, Rock Island, East Moline and the eastern part of the county, while the lower end of the county was not represented. After the purpose of the gathering had been explained by H. A. Cleveland, Mayor M. R. Carlson and M. J. McEniry, members of the county committee, the dealers named the following committee which will hereafter represent them in their dealings with the fuel board:

Moline—James Pearson, Frank Walker.

Rock Island—R. W. Lamont, Neal Miksa.

Country—Frank H. Schafe, Port Byron.

Blanks which the dealers will have to fill out giving data which the government desires were distributed which will have to be back to the county committee the first of next week.

Among the blanks which were given the dealers were some for the ultimate consumer to sign in order to prevent the hoarding of coal, the following questions being asked:

Amount of coal desired?

Kind used last year?

Approximate amount used last year?

Will last approximately—days?

Have you any unfilled orders with other dealers?

NOTE'S BAND GIVEN DINNER ON BIRTHDAY

Members of Note's band, Moline, yesterday celebrated the 10th anniversary of the foundation of the organization. Louis Sonnevile, honorary president of the band, tendered members of the organization a banquet, held in Friend's circle hall last evening.

Note's Belgian-American band was organized by Honore Note in November, 1907, and since that time has grown from a small group of amateur musicians into a well organized band. It began by giving a few private concerts but of late years there has hardly been a single patriotic gathering of note at which the Belgian-American band has not been present.

Gaston Veyrs was toastmaster of the banquet last evening. Mr. Note was presented with a leather upholstered armchair and Remi Deuster, one of the most active members, with a gold ring. The Misses Edna Sonnevile and Irene De Lempe gave several pleasing vocal selections. Following the dinner, dancing was enjoyed by members of the band and friends.

TO RAISE \$25,000.

Moline's subscriptions to the Y. M. C. A. army fund at noon today amounted to \$16,678. The aim is to raise \$25,000. Last night the Moline Elks' lodge voted to contribute \$100 to the fund in addition to its other donations to war funds.

East Moline Society

Silvis Red Cross work was continued yesterday and the women turned out to the number of 25. Eight of these joined the surgical dressing class directed by Mrs. Emmert and Mrs. W. R. Bell. This line of work is a new one and the interest and enthusiasm shown yesterday predicts splendid success. The rest of the workers sewed pajamas and stacks of them grew rapidly. Some were also knitted, and one sweater, together with five pairs of socks, were turned in. The rooms are now open for work all day Tuesdays and Thursdays.

Ladies' Aid society of St. John's Evangelical Lutheran church met yesterday afternoon in regular session with Mrs. Kate Miller. Eight ladies were present, and while they discussed the winter's program they sewed busily. Mrs. Miller served refreshments and adjournment was made to meet again in three weeks.

East Moline and Watertown Baptist Ladies' Aid societies joined last evening in tendering Rev. and Mrs. J. M. Osborne and family a delightful surprise party. The party was held in the basement room of the State bank in East Moline. Seventy-five loyal friends congregated and a most enjoyable evening was spent. One feature was the "pound" and canned fruit, when pounds of groceries were given to the Osbornes, as well as many cans of fruit. Rev. Mr. Osborne received a purse of money. At the close of the pleasant evening refreshments were served by the ladies.

A meeting for the purpose of organizing registrants has been called for Tuesday afternoon at Plymouth church. Mrs. Arthur Little, chairman, announces that it is necessary to have a large number of registrants, and she is going to make a special effort to be there. Registrars are now making a house to house canvass in East Moline and the names of only 400 women appear on the census records.

Members of Conservation league department are asked to attend the meeting Monday evening at the home of Mrs. Frank Kinney. Anyone desiring to join the league is welcome at this session.

Mr. and Mrs. Dale Chambers entertained informally at cards Wednesday evening. Guests pivoted at three tables 500 being the game. Prizes were awarded to Mrs. W. E. Potter and G. S. Walker, high scorers, and to Mrs. Frank Clendenin and C. J. Garrett, low scorers. A dainty two course luncheon was served at the small tables at the conclusion of the games.

Mrs. Ben Van Damme was hostess yesterday afternoon to the Belgian Ladies' Knitting club. The women are expert knitters and during the last month the club, having a membership of 16, has completed 19 sweaters. The hostess served an appetizing luncheon. Mrs. Peter Van Lancher will entertain the circle at its next session.

Mrs. Dave Beveridge was hostess yesterday afternoon to the Ladies' Aid of the Silvis Methodist church when 50 members attended the session. The society is very busy with plans and the making of articles for bazaar they will have Nov. 22. The sale will be open during the afternoon and evening and supper will be served. They also decided to do Red Cross work and that will be commenced at the next meeting which will be held Dec. 6. Two new members were received. Mrs. Beveridge served refreshments at the close of the afternoon.

BURGLARS IN SILVIS.

Burglars entered the residence of George Newton, 136 Seventh street, Silvis, about 2 o'clock this morning, and secured about \$60 in cash, the property of Mr. Newton and his wife and son John. The burglars worked boldly and secured their loot in the rooms occupied by the members of the family. Entrance was gained through a window on the first floor of the residence. Holes were bored in the sash rails at each side of the window locks and the windows opened. It was a little after 2 when members of the family were awakened by the barking of dogs confined in the cellar, and thought they heard a door slam. Mr. Newton investigated and found that his own trousers and those of his son had been removed, and a silk bag belonging to Mrs. Newton was also missing. Mr. Newton's trousers were found in the downstairs hallway, and the bag and the son's clothing were found near the barn. Village Marshal Ball and East Moline police were notified at once, and they made a search for the burglars, but without success. The thieves were apparently in search of cash only, for they passed by several rings, watches and a gold knife and other valuables. Several other attempts to burglarize the Newton residence have been made recently. Mr. Newton takes home the daily receipts of his market after banking hours, and this was probably known by the burglars. Two dogs in the house were evidently aroused by the intruders, but they were confined in the cellar and could not get at the thieves, and their barking aroused the household too late.

ARRESTED AT MUNICE.

Information has come to the Moline exemption board from Muncie, Ind., that Remie Watel is in custody there on a charge of attempting to evade army service. He was registered in Moline and called to service by that board. He will be sent to a cantonment from Muncie. Joe Delle, another man registered in Moline who failed to report when called, has been arrested in Cleveland.

QUARREL ABOUT WORK.

Emil Conert, Jr., paid a fine of \$5 and costs, \$3.25, in the court of Justice Dan Maskell in East Moline this morning, on a charge of assault and battery preferred by Julius Verijs. It seems the two quarreled about the amount of work they are capable of doing. They are employed in rival lumber yards.

TRUSTEES CLAIM CHARGES UNFAIR

Reply Is Made to Allegations Made by Fred J. Ball, Village Marshal of Silvis.

Replying to the charge of Fred J. Ball, village marshal of Silvis, that he is being ousted because of activities on behalf of the federal government in enforcement of the draft law, five members of the board of trustees today gave out a signed statement, as follows:

"We, the undersigned members of the village board of Silvis, desire to repudiate the charges made against us by the marshal, Fred Ball, and declare it a false statement, and absolutely without foundation.

"FRED O. HARTLINE,
"J. P. JOHNSON,
"R. F. FALKNER,
"JAMES SHANNON,
"GEORGE SLETTIE."

Mr. Hartline said that Dick Reddick, another member of the board, is an engineer and is not on his run. Mr. Hartline says he is of the opinion Mr. Reddick would endorse the statement, Frank Hall, the other member of the board, refused, Mr. Hartline says, to sign the denial, stating that he believed Mr. Ball's charges to be in a measure true.

Discussing the dismissal of Mr. Ball, Mr. Hartline had the following to say: "In reply to the statements of Fred J. Ball, quoted in the issue of The Argus of Nov. 15, attacking the so-called Socialist administration of the village of Silvis, I would say that I have no desire to attack our marshal, but it is necessary that a person or body defend itself against such a vicious attack. I would state further that the people of Silvis by their votes have repeatedly signified their desire to have a clean town. In my campaign I promised them that if elected I would do all in my power to carry out their wishes.

"As a result of the election two Socialists and one Citizens' party candidate were elected as trustees, and I was elected president of the board. Three members of the People's party held over in office. It was agreed at an early time the appointments were made that if the services of any of the men appointed were unsatisfactory the board should stand with me in the dismissal of the unsatisfactory appointees. As a result the full corps of officers of the former administration was held over. Mr. Ball being one of those retained.

"Funds of the village are very low, and the sole purpose of the board of trustees in combining the offices of marshal and street commissioner is to eliminate the expense of one employee. This was decided upon at a meeting of the finance and street and alley committee subsequent to the last meeting of the village board. Action by the committee of the whole was taken on Nov. 12, approving this plan. On the question of consolidating the two offices all but one trustee, Frank Hall, voted affirmatively. A motion was made, and after some discussion, in the course of which I called attention to the agreement heretofore mentioned to support me in the event of dismissal of any unsatisfactory appointee, was adopted, providing that Henry Bahns, the street commissioner, should be retained to fill the combined offices. The motion prevailed by unanimous vote.

"I know of the arrests of but one slacker by Mr. Ball, and the arrest of this man was on the Friday following the meeting of the trustees at which it was decided to combine the two offices, and at which time it was informally agreed that Mr. Ball should be dismissed.

"There is less than \$500 in the treasury available for meeting the general expenses of the village, aside from water rentals now being collected. Salary of the street commissioner is \$50 a month, of the marshal \$85, of the police magistrate \$20, and of the teamster \$75, and in addition we must meet expense of maintaining a team. The trustees are of the opinion that it is necessary to reduce expenses if possible. In the winter months one man can serve in both capacities as street commissioner and marshal.

"Neither Mr. Bahns nor Mr. Ball are members of the party on whose ticket I was elected, and my attitude in the matter was determined solely by my judgment of the qualifications of the men.

"According to the newspaper reports, the dismissal of Mr. Ball has been made the subject of complaint to the federal authorities. I can say for myself and other members of the board of trustees that any investigation by the United States authorities, or any other governmental body, will be welcomed. Our action is fully justified."

DEMAND INSURANCE TAXES.

If Fire Chief Ed Milloen and City Clerk Dale Chambers succeed in efforts they are now making, the city treasury of East Moline will be enriched several thousand dollars, they believe. The two officials have taken measures looking to the collection of the tax on insurance premiums. Chief Milloen has been making an exhaustive investigation, and he has found that in the period from May, 1915 to May, 1917, the city received only \$5.17 in income from this tax source.

Under the law the city is entitled to 2 percent on all insurance premiums collected for insurance on property within the city. This tax money goes to the betterment of the fire department. Notice is being sent to all insurance agencies known to be writing business in East Moline, and they are being called upon for a full report of their premiums in the last five years, and notified to forward immediately a check for the 2 percent due the city. The legal department of the city is also cooperating in the movement to collect the tax, and City Attorney George D. Long has given assurance that he will take such measures as may be necessary in support of the efforts of the clerk and fire chief.

In the opinion of the fire chief the tax each year should produce between \$500 and \$1,000, and he thinks the back taxes which are collectable amount to nearly \$3,000.

In the Lodges

The royal purple degree will be conferred by Plover city encampment No. 200, I. O. O. F., Moline, this evening. Following the degree work members of the encampment will enjoy a chicken dinner.

Nobel lodge No. 288, Order of Vasa, Moline, will nominate officers at a meeting to be held Nov. 29. Nobel lodge is progressing rapidly. Seven applications for membership were received Wednesday evening and several candidates initiated.

ONION TO DEPART FOR FRANCE SOON

Office Manager of John Deere Plow Company Given Six Months Leave to Help Y. M. C. A.

Just another sample of the kind of patriotism which Moline's big factories are exhibiting in the war crisis is shown in the case of William M. Olson, office manager and general credit man for the John Deere Plow company, who has been given a six months leave of absence to go to France as business executive for the army Y. M. C. A. He will leave Tuesday for New York and expects to sail within a few days. The plow company will pay him his usual salary during his absence.

Recently R. B. Lourie, president of the Moline Y. M. C. A. and secretary-treasurer of the John Deere Plow company, received an urgent request from the association officials asking if there was a concern in the Plow city which would furnish a man and pay him a salary for duty in France. In discussing the matter with Mr. Olson, Mr. Lourie was much surprised when the former volunteered his services. The arrangements were made for him to leave.

POLICE STAGE RAID.

Seven men, natives of Mexico, will be arraigned in Moline police court this evening as result of a little raid made by a Moline police officer at an early hour this morning. The officer walked into the old Natick roundhouse. The seven men arrested are alleged to have been playing cards for money.

POLICE WIN CONTEST.

Bowlers of the East Moline police department trimmed the Sanites team in the second match of the season last evening, following up a total of 2,414 to 2,266 for the Sanites. This is the best score the police have made yet. They have challenged the electricians' team of Davenport for a game next week.

GIRL IS INJURED IN CAR ACCIDENT

Miss Mariel Kenyon Goes to Hospital as Result of Auto Being Driven Into Light Pole.

Four occupants of an automobile narrowly escaped serious injury at 3 o'clock this morning when a car driven by Louis Peterson, 1838 Nineteenth avenue, Moline, crashed into an electric light pole at Eighth avenue and Sixteenth street, in the Plow City. Miss Mariel Kenyon, Calamus, Iowa, was considerably bruised in the accident and was taken to the city hospital. The driver, Edward Esping, 1625 Eighteenth avenue A., and Miss Violet Kenyon, sister of the injured girl, were painfully cut, but otherwise not hurt. The young ladies have been visiting Silvis relatives.

As a result of the impact the light pole was split from top to bottom. It is thought that in the fog of the early morning the driver failed to note the fog for there is at the corner of Eighth avenue and Sixteenth street, and that he drove straight into the pole. The automobile was badly smashed.

WILL FIX PRICES ON STAPLE FOODS

This Community to be First in State Outside of Chicago to Have Quotations Daily Published.

Prices to be charged for staple food products are to be daily published in Moline, Rock Island and East Moline, following a decision reached at a recent conference of Dr. W. E. Taylor and M. J. Duryea, Moline; F. W. Bander and Supervisor M. O. Griswold, Rock Island, and M. R. Lenfesty, food administrator for this district. A committee composed of two retail grocers from Moline, two from Rock Island, and one from East Moline, will fix the prices to be charged, with the assistance of a chairman, who will be a man who is not in the grocery business at present but who has had experience in the wholesale business. Mr. Taylor will make the selections, subject to ratification by Mr. Lenfesty. This community will be the first in the state, with the single exception of Chicago, to have a price-fixing body working under the state food administrator.

A meeting of Moline grocers will be held with Dr. Taylor and Mr. Duryea next Tuesday for the purpose of mapping out the work and securing cooperation.
